## FEEDBACK

---

In January 2021, we wrote to local residents and businesses regarding the launch of our public consultation and project website [www.canadawaterdockside.co.uk](http://www.canadawaterdockside.co.uk). You may have also seen us in Southwark News and on social media.

We have been delighted with the initial response from the local community, as well as the level of engagement with our introductory feedback form.

Over 440 feedback forms were completed

Over 1,600 people visited the Canada Water Dockside website

42% of local people had not participated in a consultation like this before

65% of participants use Canada Water daily

Our next step is to invite you to a Virtual Exhibition of our plans: a more detailed look at how our vision – and your feedback – are shaping the future of Canada Water Dockside.

## VIRTUAL EXHIBITION - Key Dates

---

Please visit [www.canadawaterdockside.co.uk](http://www.canadawaterdockside.co.uk) **HaveYourSay** to share your thoughts and read more about our initial plans for a new town centre destination in Canada Water, featuring places to work, shop, walk, eat, drink, and relax.

The Virtual Exhibition will take place online from **Monday 22nd February 2021** until **Sunday 7th March 2021**. We kindly ask you to submit your feedback by this date.

## Webinar - Coming Soon

---

In late March 2021, the project team will host a series of webinars discussing the first Canada Water Dockside Virtual Exhibition with members of the local community. If you wish to join a webinar or submit questions in advance, please do register your interest at **contact@canadawaterdockside.co.uk** or by using the freepost form overleaf.

Due to ongoing government advice regarding COVID-19, we will continue to host our consultation online, by post, through webinars, and via video-conference sessions.

Accessibility to information at this time is vitally important. Should you require support, wish to arrange for a call-back from the project team to discuss the scheme, or prefer to receive physical copies of the exhibition information and feedback form via post, please don't hesitate to get in touch with us using the freepost form provided:
